“ I just want to let you know that I am thinking of you as you prepare to bid farewell to your mother this day at her funeral service. I hope that these moments can be sprinkled with peace amidst the sadness. I have fond memories of Ruby; she kept a watchful eye on the milk business when I had my summer job hauling milk for her and Elton. There was never a dull moment. She was always right in there doing what needed to be done to make things work. I also remember fondly her hospitality whenever I visited with her. Love and Peace to all of you as you mourn her passing

“ *Our sincere condolences to all of you...children, grand and great-grand children too. Yes, I remember pies and great meals at your Mom and Dad's house as a school kid, and visiting my grandmother at your Mom's place.
God comfort you through this separation...'til we meet in our heavenly home because of Jesus provision for us all!*
